

JOB SITE WORK LIGHTS

M18 RADIUS™ LED COMPACT SITE LIGHT W/ ONE-KEY™

MOST VERSATILE LIGHT ON SITE. CUSTOMIZE, TRACK, MANAGE The new M18™ Radius™ LED Compact Site Light with ONE-KEY™ is the World's first high output cordless site light on the market, and has the ability to provide light in task, area, and overhead applications. With 4,400 lumens of TRUEVIEW™ High Definition output, the M18™ Radius™ LED Compact Site Light provides enough light to illuminate large work areas, and can be turned down to as low as 1,000 lumens for working in confined areas.

M18™ ROVER™ LED DUAL POWER FLOOD LIGHT

2X Brighter, Maximum Versatility – M18™ ROVER™ LED Dual Power Flood Light is designed to give professionals a portable area lighting solution that replaces 500W Halogen Flood Lights and adapts, performs, and survives industrial use. The 2360-20 is the industry's brightest 18V LED flood light, and it is up to 20% brighter than 500W Halogen Flood Lights.

M18™ UTILITY BUCKET LIGHT

The Industry's First Utility Bucket Light, The M18™ Utility Bucket Light is going to revolutionize the way Power Utility Lineman work in a bucket by offering versatility with its three light modes, dual light head design that allows the user to spot and flood with one light or its Extreme Weather and High Voltage durability built for use in harsh conditions and environments. Its patented spring loaded bucket clamp fits all size bucket lips and allows the user to move the light around the bucket effortlessly.
